No. FBISE/Research/2021/ 727

Dated: 22-02-2021

Subject: **ON SCREEN MARKING**

FBISE has always made untiring and continuous efforts to ensure transparent and reliable examination system and get the Answer Scripts marked in the best possible manner so that we could declare reliable and error-free results. At the same time we never hesitate to employ the emerging modern technologies to make our Marking System vigilant.

2. One such initiative was introduction of On-Screen Marking in the subject of Computer Science at the HSSC level which is being done successfully, by the grace of Almighty Allah. After this first successful step, we aim to move forward and start On-Screen Marking from Annual Examinations 2021 in the following subjects also at both SSC and HSSC levels:

English Compulsory	Physics.	Chemistry.
Biology	Mathematics	Computer Science

3. Since we have tried and tested the program for On-Screen Marking, it is ensured that it is very user friendly and does not require any expertise in Computer usage or extraordinary computer skill. Efforts are being made to develop the system and make it more and more convenient for the Examiner. Written instructions regarding how to do On-Screen Marking shall be shared with you shortly. Very soon a short movie regarding the procedure/ guideline for the Head Examiner and Sub-Examiner shall be made available on YouTube, Facebook, Official Website of the Board and other social media.

4. Your good-self, through this correspondence is requested to join hands with us in making On-Screen Marking a success in the aforesaid subjects also. Since it is On-Screen marking, question items shall be consigned to the Examiners via system and they need not come to any marking station which would make it more convenient for the Examiners. The only pre-requisite for screen marking is availability of Internet connection and any gadget with camera in it. You are requested to motivate faculty of your institution to forward their nominations for Head and Sub-Examiner-ship, as per qualification/criteria. Besides, the students may also be trained how to attempt paper on E-Sheets which are designed for On-Screen Marking where they are required to answer any question against and within the place allocated for the question.

5. Your cooperation in the above matters is requested and shall be highly appreciated, as we are all working for the betterment of our candidates who rely upon us.

Truly yours,

(ZULFIQAR ALI RIZVI)
